

## 2017 Worship Service and Brunch Series

Join Christians in Business members as we embark on a journey to worship at a different church together each Sunday in October and November.

Some may have always wanted to visit these churches. Others may be searching for a new church home. While you are in attendance definitely make worshipping a priority. Also be mindful of the preaching style of the church, worship style, personality of the church, how much the church invests in the lives of the parishioners, ministry options, volunteer options and upcoming events, since some of you will be in search of a new church home. You may luckily find a church that supports our individual faith and spiritual path. We can all meet at each church location. A CB co-chair will stand at the back of the church to greet you until the service begins (except for the service on 11/26/2017).

After each church service, we will gather for brunch and fellowship at **South Water Kitchen** at 225 N Wabash Ave in downtown Chicago. You have the option to attend church + brunch, church only or meet up with us for brunch only. It's up to you! If you attend brunch on 10/8/2017 and/or 10/15/2017, your meal will be complimentary.

Lastly, for those who are looking for a church home in Chicago, I want to share an insightful article called '[How to Choose a Church](#)'. The article is filled with other tips you should consider when selecting a church home.
